Re: Letter to Vacate Errors in Issued Cofc

This letter is to inform you that in the certificate of correction issued October 7, 2008 the error to Column 69, line 10, after "container" insert --cthe cross-linking composition-- will be vacated. The Supervisory Patent Examiner determined that it is not known what "cthe" is and is not supported by the specification or original claims. It appears that "cthe" represents "comprises the". The error was mistakenly included in the certificate of correction issued October 7, 2008. In addition, the error to "Column 73, lines 2-3" is not labeled correctly. The error should be properly labeled --Column 73, lines 1-2--. A certificate superseding the certificate of correction issued October 7, 2008 will be issued.

Further correspondence concerning this matter should be filed and directed to Decisions and Certificates of Correction Branch.
